YOUR R/C HOP-UPS SPECIALIST

ProBuild™ Brass Center Ring for 1.9" Beadlock Wheels #BRW780935

We love building scale models. Let's be honest. Which badass doesn't love a beautiful looking car? Our focus is on designing the best looking products that really perform; products that withstand beating and still look great enough to be shelf queens. Offering you the latest designs made with the highest possible quality at affordable prices is our absolute focus for all enthusiastic hobbyists.

Since 2012, Boom Racing has been manufacturing extreme performance RC products. We want you to love and enjoy these amazing "scale" and "performance" based products to create your own unique realistic RC builds.

We are never going to stop at giving you the best updates and upgrades on our product lines. That's our passion and our commitment to keep you on your toes with excitement and anticipation for what's to come next.

Enjoy being a BADASS!

Stay planted with this ProBuild™ Brass Center Ring - designed to add weight to your beadlock wheels for lowering CG (center of gravity). Precisely adjust your wheel mass evenly by adding or removing the individual lead weights. Refer to the diagrams for setup options.

Weight Range: 69 to 199 grams
