Enjoy Being A BADASS

We love building scale models. Let's be honest. Which badass doesn't love a beautiful looking car? Our focus is on designing the best looking products that really perform; products that withstand beating and still look great enough to be shelf queens. Offering you the latest designs made with the highest possible quality at affordable prices is our absolute focus for all enthusiastic hobbyists.

Since 2012, Boom Racing has been manufacturing extreme performance RC products. We want you to love and enjoy these amazing "scale" and "performance" based products to create your own unique realistic RC builds.

We are never going to stop at giving you the best updates and upgrades on our product lines. That's our passion and our commitment to keep you on your toes with excitement and anticipation for what's to come next.

Enjoy being a badass!

BRX70 BADASS Rear Shaft

#BRLC7023

The third member release method when assembly is tight.

Applies to following parts:

#BRLC7022 (front) / #BRLC7023 (rear)

Step 1 - Remove all M2.5x14mm and two M2.5x5mm socket screws

Step 2 - Install two M2.5x14mm socket screws into both left and right screw holes as indicated

Step 3 - Lightly torque the screws until the third member is released
